

**REPORT OF**  
**THE SECTION IV 'ENERGY IN AGRICULTURE' ACTIVITIES**  
**IN PERIOD 2011-2014**

Section IV '*Energy in Agriculture*' was very active in these years.

Every year we organized conferences of CIGR Section IV or the conferences connected to Section IV or supported by Section IV.

**I- In 2011** there were two conferences and during the both Conferences the *Section IV Board Meetings* took place.

1. CIGR Section IV Symposium Meeting was held in Bucharest - "*Bioenergy And Other Renewable Energy Technologies And Systems*" 33. International Symposium of the Section IV of CIGR Bucharest, Romania June 23-25, 2011

2. CIGR Section IV Symposium was held in Istanbul, 34th Symposium of the CIGR Section IV: Electricity and Energy in Agriculture was held as a joint meeting with „*11th International Congress on Mechanization and Energy in Agriculture*”. Its thema was: "*Bioenergy and other Renewable Energy Systems*". September 21-23, 2011 in Istanbul, Turkey.

**II-In 2012** there was the Conference called

1. International Conference of Agricultural Engineering CIGR-AgEng, July 8-12, 2012 Valencia conference centre (Spain)

The CIGR Section IV Board Meeting was organized during the Conference.

**III-In 2013** there are many conferences connected to Section IV:

1. One of them is the **34. International Symposium of the Section IV of CIGR: "Bioenergy and Other Renewable Energy Technologies and Systems"**, in Krakow, Poland, September, 2013. There, Section IV has its meeting.
2. In May, 2013, there was a Conference named *Energy in Agriculture* which was supported by Section IV in Turkey.
3. In October, 2013, there was *Synergy - International Conferences in the Technical Development of Agriculture and Food Industry*, in Hungary, supported by Section IV.
4. The chair of Section IV participated at the *Conference in Prague* where CIGR Technical Board discussed about Section's activity.
5. There was the Conference on the theme *Mechanization And Energy In Agriculture* in Nevhesir - Turkey, in 2014. The conference was supported by Section IV, too.
6. During *18th World Congress of the International Commission of Agriculture and Biosystems Engineering (CIGR) from September 16th to 19th, 2014* in Beijing, China, Section IV Board Meeting was organized. It is very important that in Section IV, some board members have been especially active and conductive.
